Education

C.E. Jordan High School (2022)

- Early graduate due to Army recruitment

Central Texas College (2026-Present)

- Network Cloud Server Administrator CC2 (2026-Present)

Key Skills

Automation	Ansible	Configuration Management
CI/CD Pipelines	Git/GitHub Actions	Cloud-Native Architecture
System Observability	Red Hat Enterprise Linux	Zero Trust
Cloud Infrastructure	Golang	Problem-Solving
Version Control	Shell	Communication
Containerization	Bash	Operations and Incident Response
Orchestration	App Performance Monitoring	Governance, risk, and compliance
Security	Source Code Management	Implementation
Linux	Microsoft Azure	Cloud Architecture and Design
Python	Amazon Web Services	Cloud Deployment
Jenkins	Google Cloud Platform	Cloud Security
Terraform	Code Analysis	Collaboration
Kubernetes	Change Management	Secrets Management
Docker	Threat Investigation	Infrastructure as Code
Prometheus	Vulnerability Assessment	
Grafana		

Certifications

CCNA: Introduction to Networks	Introduction to Generative AI
CCNA: Networking Basics	Introduction to AI Terminology
AWS Introduction to EC2	Introduction to Mobile Device Management
AWS Amazon EC2 Basics	Deploying Windows Server Protections
Protect Data in Use	Microsoft Defender Antivirus
AI Applications for Defensive Cybersecurity	Server Protection
AI-Assisted Malware Development	Endpoint Protection
AI-Assisted Phishing Attacks	AWS Cloud Practitioner Essentials
Prompt Injection Attacks	Protect Data in Motion
Evolving Threat Landscape with AI	Protect Data in Transit and at Rest
Privacy Risks and AI	

Objective & Dedication

Resourceful, organized, and highly motivated professional with experience in military service, digital art, programming, cloud computing, and DevOps engineering. Ability to thrive in fast-paced environments that require critical thinking, adaptability, and strong problem-solving skills. Committed to continuous learning, taking initiative, and delivering high-quality results. Approaches challenges strategically by evaluating multiple solutions to complete tasks efficiently and exceed expectations while maintaining a strong work ethic and attention to detail.

Experience

No current experience.

Projects

- Build a RAG API with FastAPI
- Build a Static Website with APIs
- Build a Virtual Private Cloud on AWS
